

## Course Pre-requisites: Advanced Resuscitation (online) Learning Program

The NeoResus Advanced Resuscitation online learning program involves a pre-quiz, web-based reading, and then completion of an online post-quiz to demonstrate your understanding of the major principles of Advanced Resuscitation.

You will need approximately **three to five hours** to complete all three requirements. You can start, stop and resume your web-based reading at any time. The Advanced Resuscitation post-quiz requires a score of 100%. You may attempt both the pre and post quiz as many times as you wish. You will receive a certificate once you have completed each quiz. Please download the certificate and save it (or take a screen-shot on your phone) as you will need to submit this to us as evidence of successful completion of the pre and post-quiz.

### Step 1. [Advanced Resuscitation Pre-quiz](#) (Enter the password: resuscitation)

This quiz is designed to test your prior knowledge of Advanced Resuscitation.

1. Please complete this quiz **prior** to commencing your online learning.
2. Please download and save the certificate of completion.

### Step 2. Online Learning

You will need to review the following sections of the NeoResus website. You may wish to 'tick' each box once you have completed these.

#### Learning Resources:

- Module 1: [Key concepts and guidelines](#)
- Module 4: [Post resuscitation care](#)
- [Additional Resources](#)

#### Presentations:

- First Response and Advanced Resuscitation
- Operating and trouble-shooting a T-piece device (Neopuff™ Infant Resuscitator)
- Operating and trouble-shooting a self-inflating bag
- Pedi-Cap™ CO<sub>2</sub> detector

### Step 3. [Advanced Resuscitation Post-Quiz](#) (Enter the password: resuscitation)

This quiz is designed to re-test your knowledge of Advanced Resuscitation.

1. Please complete this quiz **after** completing your online reading.
2. You need to achieve a score of 100% on this quiz. Multiple attempts are permitted.
3. Please download and save the certificate of completion.

### Step 4. Submit evidence of completion

1. Email your pre and post-quiz certificates to us at [nets.education@netsvic.org.au](mailto:nets.education@netsvic.org.au).
2. Complete the Advanced Resuscitation Evaluation and Feedback [Survey](#).

We will email your certificate of completion, including relevant CPD hours to you.
